

U10 DEVELOPMENT LEAGUE PROGRAM SUSC

The **Saskatoon United Soccer Club (SUSC)**, in conjunction with **Saskatoon Youth Soccer (SYSI)**, is proud to offer a 12-week program to promote and advance soccer development in Saskatoon. This program is open to any interested players throughout the city, and will include training sessions (2 per week), 8 league games with other zone based development teams, and inclusion in the Mini-FOS Tournament June 9th to 11th. Training sessions will bring SUSC U10D teams together and will be facilitated by SUSC's certified coaching staff!

SUSC wants to see eager and enthusiastic players enter this program, alternatively community associations offer recreational soccer programs for the U6 to U10 age groups (2007 to 2012 birth years), contact your community association today for registration into community soccer.

The Saskatoon United Soccer Club (SUSC) is the zone for most Saskatoon West communities, and offers programming for youth of all ages. The club provides an increased focus on developing the fundamentals at an early age, with support from technical staff. SUSC is run by volunteers; but the club is a community in itself with

a passion for soccer! Visit our website for registration details!

An SSA & CSA driven initiative!
